## **What Does President Obama Believe about “Race” in America?**

Reverend Martin Luther King, Jr. Stated About “Race” in America:

*“But we are also Americans. Abused and scorned though we may be, our destiny is tied up with the destiny of America... America is now his home, a home that he helped to build through ‘blood, sweat and tears... America must be a nation in which its multiracial people are partners in power.”*

**On April 26, 2010, in order to generate support for the Democrats in the 2010 Congressional elections, Pres. Obama stated his plan:**

***“It will be up to each of you to make sure that the young people, African Americans, Latino and Women who powered our victory in 2008 stand together once again.”*** President Obama Plan is to ask for support based on a person’s “race.”

**Reverend King delivered a speech on April 18, 1959 in Washington D.C.**

The crowd was both Black and White. Reverend King stated:

***“As I stand here and look out upon the thousands of Negro faces, and the thousands of white faces, intermingled like the waters of a river, I see only one face – the face of the future.”***

When President Obama looks out upon the thousands of faces he sees only the color of the faces, and he thinks the “African American” & “Latino” faces will only see President Obama’s face, because he is “African American,” as the face of the “future.”

## **Reverend Martin Luther King, Jr. had a Dream.**

***Pres. Obama has a Plan which does not have a place for Dr. King’s Dream. Dr. King’s Dream was:***

***“...my four little children will one day live in a nation where they will not be judged by the color of their skin but by the content of their character.”***
